Urban Astronomer's Survival Guide

is the author of "The Urban Astronomer's Guide", which is part of Patrick Moore's "Practical Astronomy" series, published by Springer-Verlag. Rod's been an amateur astronomer, well, for maybe for more years than he cares to admit. But he knows a thing or two about tackling light-polluted city skies and getting the most out of a

Springer

The Urban Astronomer's Guide Most amateur astronomers yearn to observe more frequently. Many of them, however, live in urban and highly developed suburban areas that are heavily light polluted. Due to this light pollution, they are under the impression that deep sky objects - nebulae, galaxies, star clusters- are either invisible or
